

# ALEXANDRU COMANESCU

## About Me

I am a cybersecurity enthusiast dedicated to expanding my skill set. I am actively engaged in continuous learning, pursuing expertise in both offensive and defensive cybersecurity, particularly in Penetration Testing and Red Team. I am highly qualified for any type of job since I am self-taught in most of my learning and I learn very fast.

## Education

### KEEPCODING (2023-2024)

#### Bootcamp Full Stack Cybersecurity

At this well-known Bootcamp based in Silicon Valley I am learning the basics of cybersecurity as Purple Team. I'll have it finished in July 2024.

### HACK4U (2023)

#### Cybersecurity Academy

In this Academy I learned Linux, Scripting with Python and an introduction to Hacking

### ACADEMIA X (2023)

#### Bootcamp Full Stack Software Developer

In this Academy I learned HTML, CSS, JavaScript and an introduction to SQL.

### BACHELOR OF HUMANITIES (2016-2018)

#### Baccalaureate in social sciences
